\$2 BIGGER BINGO COVERALL RULES

1. The Bigger Bingo Coverall Multi-Location Jackpot is a progressive bingo coverall game with prizes awarded from a linked progressive jackpot shared among the participating bingo rooms.
2. Players must meet minimum age requirements for gambling at the participating location and must show valid proof of age to participate.
3. Guest must have played the session to be eligible to win on the Bigger Bingo Coverall.
4. Bigger Bingo Coverall can only be played at the session in which it was purchased.
5. A player who achieves a winning pattern is responsible for calling out "bingo" loud enough and clear enough to alert the bingo caller. If a player calls "bingo" and the caller does not respond, it is the player's responsibility to yell "bingo" again until heard by the caller.
6. The Bigger Bingo Coverall game is played in the following manner: the winning pattern is a standard coverall. A player that achieves a winning pattern on or before the 49th ball will win the \$10,000 grand prize, plus progressive contribution. If a player achieves a coverall on the 50th through 55th ball call, they are given one (1) opportunity to spin the super spin bingo wheel, which will determine the percentage amount awarded from the progressive jackpot. The prizes available for achieving a winning bingo will be based on the ball call at which the winning bingo was achieved and must correspond with the super spin bingo prize range set forth below. The game ends after the 55th ball call. In the event of multiple winners on the same ball call, during the same game event, licensee's on-duty bingo director, manager, or supervisor shall spin the super spin bingo wheel one (1) time to determine the game prize amount from the pay table below and the resulting game prize will be awarded to the winners on a "no-split" basis. In the event that duplicate cards or faces are sold for the same game, all duplicates will be treated as a single card or face with any prizes paid on a "split" basis. Once the winner(s) are paid out, the prize pool will be reseeded at the rate of \$100 for every % of the pot that was won by the winner (Example: the player won 40% of the Bigger Bingo Coverall prize pot, so \$4,000 (40 x 100) will be added back to the prize pot).
7. Bigger Bingo Coverall cards are eligible to win consolation prizes for the Hardway Bingo games and will be paid as a blue card. This continues into the coverall and any winners playing on the Bigger Bingo Coverall cards will be eligible for the prize associated with the winning number in addition to the consolation prize.
8. Game is valid on second (2nd) and, when available, third (3rd) chance coveralls up to the 55th ball call.
9. If a Bigger Bingo Coverall game winner is called, then the game ends, it is not a multi-win game.
10. Any ACEBALL, Bounty Ball, or any other promotion jackpot that requires validation does qualify if player paid the \$1 validation fee for this game.
11. Maximum of thirty (30) Bigger Bingo Coverall cards per electronic unit.
12. The bingo caller must hear and recognize bingo(s) before they will be honored. Unless the bingo caller hears the bingo, the game will continue, and all valid bingo(s) will be verified on the next bingo number that is called.
13. Once the bingo caller closes the game or calls the next ball, no other bingo will be honored. A player must have the last number called for a valid bingo. Sleepers are not valid and will not be paid.
14. A bingo ball number must be called. The bingo ball displayed on the monitor is not part of the official game until it is called.
15. All wins are subject to verification. In the event a win cannot be verified it will not be eligible for any prize.
16. By participating in these games, the player acknowledges and agrees that, in order to receive any game prize over \$1,199, he or she must provide a valid government issued form of identification and their social security number (except foreign national players). Winners are responsible for any and all taxes.
17. By participating in these games, the player acknowledges and agrees that, in order to receive any game prize over \$10,000, he or she must sign THE WINNER'S AFFIDAVIT AND RELEASE attesting to their compliance with these official game rules. Winners will also be asked to provide the participating location, Gaming Arts and any of their affiliated companies with permission to use the participant's name, image, likeness, etc. for promotions/advertising purposes without further consideration.
18. Splitting packs is not permitted. Each player must have their own valid buy-in receipt from the cashier and must play their own card faces in order to win a game prize. Players must check their buy-in receipt before leaving the admission counter to ensure it is correct. In order to claim and receive game prizes, players must submit their buy-in receipt for the game.
19. If a claimed bingo cannot be verified due to the winning card being obscured, altered, or mutilated in any way the bingo will be disqualified.
20. Any equipment malfunction or any other circumstance that alters the fair draw odds will void the game results.
21. All house rules of the participating location that do not conflict with these rules are applicable to this game.
22. By participating in this game, the player acknowledges and agrees that these rules are binding and that all interpretations and decisions of Gaming Arts, LLC are final. In the event of a dispute, all decisions of the participating locations' gaming regulatory authority are final.
23. Management reserves all rights to cancel or change this promotion at any time without notice.
